| 安裝步驟                                                                                                                                                                                                                                      | INSTALLATION                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <p>如何安裝手持花灑和軟管</p> <p>安裝手持花灑(1)之前，先打開水源約一分鐘沖掉雜質。</p> <p>將單向閥(2)按圖示方向裝入手持花灑<br/><b>注意：</b>單向閥帶O型圈一端必須朝下(如圖示方向)。</p> <p>根據需要將限流器(3)放入到花灑進水端。<b>注意：</b>如水壓太低，則不必安裝限流器。</p> <p>將濾網墊片(4)放入花灑軟管(5)接頭內，連接手持花灑與軟管。<b>注意：</b>不要過份擰緊。軟管另一端連接水源。</p> | <p><b>How to Install the Handshower and Hose</b></p> <p>Before installing the handshower(1), flush both water supplies for about one minute to remove any debirs.</p> <p>Put the check valve(2) into the handshower. <b>Note:</b> Keep the O-ring of the check valve downward.</p> <p>Install the regulator(3) into the handshower if needed. <b>Note:</b> If working pressure is too low, the regulator is not needed.</p> <p>Put the screen washer(4) into shower hose(5). Connect the handshower to the shower hose. <b>Note:</b> Don't over tighten. Connect another end of shower hose to the water supply.</p> |
| <p>如何維護保養手持花灑</p> <p>噴孔雜質或水垢會導致水流變形，流量變小。打開水源，用力按壓或摩擦橡膠噴孔，去除雜質或水垢。</p> <p>取下軟管接頭內的濾網墊片，去除雜質。</p>                                                                                                                                          | <p><b>CARE AND MAINTENANCE</b></p> <p><b>How to Maintain Handshower</b></p> <p>Any debris or mineral build-up may cause the flow stream to become distorted or reduce the flow rate. To remove debris or mineral build-up, run water through the handshower, firmly press or rub your finger back and forth across the rubber nozzles.</p> <p>Remove and clean the screen washer.</p>                                                                                                                                                                                                                                |
| <p>清洗說明</p> <p>適用於所有加工處理過的表面：以中性肥皂水清洗鍍層表面，再以乾淨的軟布徹底擦乾整個表面，許多清潔劑，比如氨水、去污粉及潔廁劑等，會對電鍍表面造成傷害，切忌使用。</p> <p>有磨損性的清潔用具或清潔劑也不可使用於科勒牌的水龍頭及其配件上。</p>                                                                                                | <p><b>CLEANING INSTRUCTIONS</b></p> <p>All Finishes: Clean the finish with mild soap and warm water. Wipe entire surface completely dry with clean soft cloth. Many cleaners may contain chemicals, such as ammonia, chlorine, toilet cleaner etc. which could adversely affect the finish and are not recommended for cleaning.</p> <p>Do not use abrasive cleaners or solvents on Kohler faucets and fittings.</p>                                                                                                                                                                                                 |
