*Please use appropriate tools for assembly.

*Assemble according to the assembly steps, do not skip any steps.

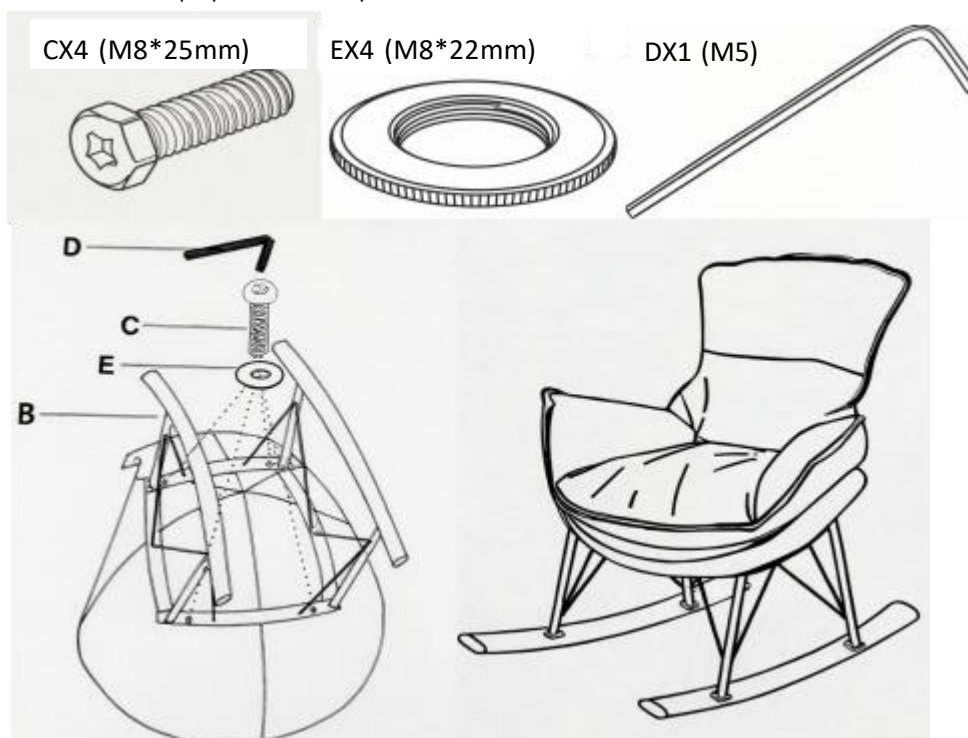

*Small parts may be scattered in the package during transportation, please carefully check the package.

*Regularly check all connections (screws, bolts, etc.) to ensure they are all tightened.

*Please keep this assembly manual properly for future reference when needed.

*The assembly instructions mention completion by two or more people, please do not install alone, as it may pose a threat to your safety.

Note: AIKO will not be legally liable for losses or injuries caused by failure to assemble in strict accordance with the assembly instructions or improper use of the product.

WARNING: Do not tighten one bolt completely before moving to the next, as this can warp the frame.
